TJ WIES CONTRACTING NAMED SPECIALTY CONTRACTOR OF THE YEAR BY THE AGC OF MISSOURI

LAKE ST. LOUIS, MISSOURI, November, 2016 — TJ Wies Contracting was named the Associated General Contractors (AGC) of Missouri's Specialty Contractor of the Year (SCOTY) at the 19th Annual AGC Construction Awards Gala held on November 10, 2016, at River City Casino in St. Louis, Missouri.

The AGC of Missouri presented 12 Specialty Contractor of the Year Awards to Specialty Contractors voted "First Place" in their discipline by the General Contractor members of the AGC. The General Contractor members were asked to consider a Specialty Contractor's timeliness in regard to completion of project(s), ability to stay within budget, and their overall experience with the specialty contractor. In the category of Interior and Exterior Finishes, Openings, and Fixtures, TJ Wies was presented with First Place.

The Specialty Contractor receiving the most votes by General Contractors spanning all 12 categories was presented the Specialty Contractor of The Year award by the AGC of Missouri. This distinction was awarded to TJ Wies Contracting, Inc.

"The SCOTY Awards provide our General Contractors the opportunity to honor our specialty contractors for their contributions to the success of a project," said Leonard Toenjes, CAE, president of the AGC. "More than ever in today's competitive and challenging construction environment, collaboration is the key to making a successful project happen."

This year marks the sixth time the AGC of Missouri has named First Place Specialty Contractors in 12 disciplines. For each of those six years, TJ Wies Contracting has been awarded the SCOTY in their respective category.
